गुडविल फाइनेन्स लिमिटेड (वित्तीय संस्था) को २९औं वार्षिक साधारण सभामा संचालक समितिको तर्फबाट अध्यक्ष श्री विश्व प्रकाश साखःज्यूले प्रस्तुत गर्नु भएको वार्षिक प्रतिवेदन

आदरणीय शेयरधनी महानुभावज्यूहरू,

यस गुडविल फाइनेन्स लिमिटेड (वित्तीय संस्था) को उन्नतिशील वार्षिक साधारण सभामा आफ्नो अमूल्य समय दिई सहभागी हुनु भएका सम्पूर्ण शेयरधनी तथा आमन्त्रित महानुभावज्यूहरू प्रति गुडविल फाइनेन्स लिमिटेड (वित्तीय संस्था) को संचालक समिति तथा मेरो व्यक्तिगत तर्फबाट समेत हार्दिक स्वागत गर्न पाउँदा ज्यादै हर्षित भएको छु ।

यहाँहरूको अमूल्य रचनात्मक सुझाव तथा मार्ग निर्देशनहरू विगतका वर्षहरूमा भै पाइरहने आशा गर्दै समयमै वार्षिक साधारण सभा गर्न नसकेकोमा क्षमा प्रार्थी छौं । अतः संचालक समितिको कार्यकाल मिति २०८० साल पौष मसान्त सम्म रहेकोमा उक्त समयावधि भित्र वार्षिक साधारण सभा सम्पन्न गर्न नसकी मिति २०८० साल माघ १५ गतेका दिन वार्षिक साधारण सभा सम्पन्न हुन गएकोले संचालक समितिको उक्त थप अवधिमा भए गरेका काम कारवाहीहरूलाई समेत अनुमोदन गर्नका लागि अनुरोध गर्न चाहन्छौं । साथै संस्थाका प्रमुख कार्यकारी अधिकृत श्री सरोज काजी तुलाधरज्यूको चार वर्षीय कार्यकाल मिति २०८० साल माघ १ गते समाप्त हुने भएकोले मिति २०८० साल पौष १८ गते बसेको संचालक समितिको ४१४ औं बैठकको निर्णयानुसार दोस्रो कार्यकालका रूपमा चार वर्षको लागि मिति २०८० साल माघ २ गते देखि लागू हुने गरी प्रमुख कार्यकारी अधिकृत पदमा श्री सरोज काजी तुलाधरज्यूलाई नै नियुक्ती गरेको व्यहोरा सहर्ष जानकारी गर्न चाहन्छौं ।

आर्थिक वर्ष २०७९/०८० को बासलात, नाफा नोक्सान हिसाब र नगद प्रवाह विवरण लगायत अन्य वित्तीय विवरणहरू समेत यस गरिमामय सभामा स्वीकृतिका लागि अनुरोध गर्न चाहन्छौं ।

क) समग्र आर्थिक अवस्थाको विश्लेषण:

यस समीक्षा वर्षमा अर्थतन्त्रले आशा गरे अनुरूप गति लिन सकेन । राजनैतिक अस्थिरता, उद्योग व्यवस्थापनमा उत्पन्न विभिन्न अवरोध तथा वित्तीय क्षेत्रमा तरलता एवं तिब्र प्रतिस्पर्धाको कारणले बैकिङ्ग कारोबारमा थुप्रै चुनौतीहरू रहेको तथ्य यहाँहरूलाई अवगत नै छ ।

यस वित्तीय संस्थाले सम्पत्ति, दायित्व र लगानीलाई व्यवस्थित गर्दै जोखिम व्यवस्थापन, नयाँ वित्तीय अवसरको खोजी, ग्राहक सेवा र स्तरमा समेत अभिवृद्धि गरी संस्थाका कार्यहरूलाई समय सापेक्ष निरन्तरता दिई रहेका छौं ।

संस्थाका सम्पत्तिका रूपमा रहेका मानव संसाधनलाई अझ परिकृष्ट गर्न आवश्यक कार्यक्रमहरू तय गरी थप अभिवृद्धि तथा प्रोत्साहन गर्नेमा हामी विश्वस्त छौं । ग्राहकहरूको ग्राहक पहिचान (Know Your Customer) अद्यावधिक गर्ने कार्यहरूलाई प्राथमिकताका साथ अगाडी बढाउँदै गैर कानूनी तथा अवाञ्छित ढंगबाट आर्जन गरेको सम्पत्ति शुद्धिकरण गर्न अपराधिक क्रियाकलाप निवारण गर्न थप नीतिहरू लागू गर्दै कार्यान्वयनमा ल्याइएको छ ।

हाम्रो जस्तो संस्थाले व्यवस्थित तरिकाबाट संचालन गर्न सबैको विश्वास सद्भाव र सहयोगले मात्र सम्भव हुने भएकोले त्यस तर्फ हामी सचेत रहेको व्यहोरा यस गरिमामय सभामा सविनय अनुरोध गर्न चाहन्छौं ।

ख) वित्तीय उपलब्धी:

समीक्षा वर्षमा संस्थाले शेयरधनी महानुभावज्यूहरूलाई लाभांश दिन नसकेकोमा हृदय देखि नै क्षमा माग्न चाहन्छु । वित्तीय स्थितिको झलक तल दिइएको छ ।

(क) आ.व. २०७९/०८० को वित्तीय कारोबार :

निक्षेप :

समीक्षा अवधिमा देशमा आर्थिक क्रियाकलापले गत वर्षको तुलनामा तुलनात्मक रूपमा निक्षेपमा वृद्धि कायम गर्न सफल भएको छ । जस अर्न्तगत आ.व. २०७९/०८० मा करिब ५.४१% निक्षेप वृद्धि भई रु. ११,५७,९३,७९,४१२।०० पुऱ्याउन सक्षम भएका छौं । निक्षेपको झलक तल उल्लेख गरिएको छ ।

कर्जा :

समिक्षा अवधि सम्ममा यहाँहरूको संस्थाले कर्जा तर्फ रु.९,६५,५१,५१,७५०।०० ऋण प्रवाह गरेको छ । जुन गत वर्षको रु.९,४०,५८,४९,५४०।०० को तुलनामा २.६५% बढी रहेको जानकारी गराउन चाहन्छौं ।

यस समिक्षा वर्षमा गरिएको कर्जा प्रवाहको भलक तल दिइएको छ ।

लगानी तथा तरलता:

समिक्षा अवधिको अन्त्यमा यस संस्थाको ने.रा.बैंक लगायत विभिन्न बैंक तथा वित्तीय संस्थाहरूको खातामा एवं आफ्नो ढुकुटीमा रहेको नगद मौज्दात समेत गर्दा रु. १,३४,४७,२८,६३०।०० रहेको छ । जुन गत आ.व.२०७८।०७९ मा रु.१,२२,२१,५८,८५८।०० रहेको थियो । यसरी तरलता गत वर्ष भन्दा रु.१२,२५,६९,७७२।०० ले बढि भएको छ । यसरी नै लगानी तर्फ गत वर्ष रु.३,८३,८६,२६,७००।०० रहेकोमा यस वर्ष रु.३,११,०७,७६,५५६।०० रहन आएको छ । यद्यपी, लगानी एवं तरलताको हिसाबले गत वर्षमा रु. ५,०६,०७,८५,५५८।०० रहेकोमा यस आ.व.२०७९।८०मा रु.४,४५,५५,०५,१८६।०० रहेको छ । जुन गत आ.व.को तुलनामा (११.९६)% ले कमी भएको छ ।

मूनाफाको स्थिती :

यस समिक्षा वर्षमा संस्थाको खूद नोक्सानी रु.९,८२,५२,९०७।०० मा स्थगन कर खर्च रु.५९,२४,६६९।०० समेतको हिसाब मिलान गर्दा खुद नोक्सानी रु.९,२३,२८,२३९।०० रहेको छ ।

ग) निक्षेप परिचालन, कर्जा विस्तार तथा व्यवस्थापन:

संस्थाले वित्तीय आर्थिक कारोबार संचालन गर्नका लागि विभिन्न स्रोत परिचालन गर्दै आएको छ । हाल वित्तीय बजारमा अत्याधिक मात्रामा बढ्दै गइरहेको जोखिमलाई न्यूनीकरण गर्न कर्जा विस्तारमा विशेष सजगता अपनाउनका साथै थप प्रभावकारी बनाउन आवश्यक विश्लेषणहरू गर्दै गुणस्तरीयतामा जोड दिइएको छ ।

घ) संस्थागत सुशासन:

संस्थाको दीर्घकालिन सफलताका निमित्त संस्थागत सुशासन अपरिहार्य रहेकोले संचालक समिति तथा व्यवस्थापनले संस्थागत सुशासन सम्बन्धि नेपाल राष्ट्र बैंक तथा अन्य नियामक निकायहरूद्वारा जारी गरिएको नीति निर्देशनहरू पालना गर्दै आएको छ, र सदैव पालना गर्ने प्रतिवद्धता समेत व्यक्त गर्दछौं ।

ङ) सूचना प्रविधि:

सूचना प्रविधिको माध्यबाट भरपर्दो सुरक्षित तथा प्रभावकारी सेवा सुविधाहरू उपलब्ध गराउनको निमित्त संस्थाले संचालन अवधि देखि नै सेवाग्राही वर्गलाई विभिन्न सुविधाहरू उपलब्ध गरिएको छ भने सम्भावित प्राकृतिक प्रकोपको कारणले अन्य स्थानमा Disaster Recovery Site जडान गरेको छ । प्राविधिक प्रयोगबाट प्रभावकारी, मितव्ययी तथा व्यवस्थित ढंगले संस्थाको आन्तरिक सूचना प्रणाली तथा अन्य व्यवस्थापन कार्यहरू संचालन भइरहेका छन् । त्यसै गरि संस्थाले ग्राहक पहिचान तथा सम्पत्ति शुद्धिकरण

कार्यलाई प्रभावकारी ढंगले निवारण र नियन्त्रण गर्न सूचना एवं प्रविधिहरू लागु गरेको छ । संस्थाले आर्थिक कारोबार तथा सूचना प्रविधि निरन्तर रूपमा सुरक्षित राख्न विभिन्न नयाँ प्रविधिहरूमा लगानी गर्दै आएको छ भने यसको संवेदनशीलतालाई सुक्ष्मरूपले अध्ययन तथा विश्लेषण गर्दै विभिन्न प्रविधियुक्त कृयाकलापहरू संचालन गर्दै आएको छ ।

च) आन्तरिक नियन्त्रण प्रणाली र जोखिम व्यवस्थापन:

संस्थाको आन्तरिक नियन्त्रण प्रणालीलाई थप प्रभावकारी बनाइएको छ । संचालन निहित जोखिमहरूलाई सकेसम्म कम गर्ने उद्देश्यले आन्तरिक तथा बाह्य लेखापरिक्षण लगायत व्यवस्थापन, जोखिम व्यवस्थापन समिति र संचालक समितिले समेत आवश्यक पुनरावलोकन गर्ने गरिएको छ ।

छ) राष्ट्रिय तथा अन्तराष्ट्रिय परिस्थितिबाट कम्पनीको कारोबारलाई परेको असर:

राष्ट्रिय तथा अन्तराष्ट्रिय क्षेत्रको घटनाक्रम र नीतिगत परिवर्तनहरूले बैकिङ्ग कारोबारहरूलाई प्रत्यक्ष वा अप्रत्यक्ष रूपमा असर पार्दछन् । राष्ट्रिय तथ्याङ्क कार्यालयले आर्थिक वर्ष २०७९/०८० मा आर्थिक वृद्धि आधारभूत मूल्यमा २.१६ प्रतिशत र उत्पादनको मूल्यमा १.८६ प्रतिशत रहने अनुमान छ । अधिल्लो आर्थिक वर्ष उच्च शोधान्तर घाटाले आन्तरिक तरलता प्रशोधन गरेको पूँजीगत खर्च लक्ष्यनुसार नभएका कारण समग्र आन्तरिक मागमा कमी भई निर्माण, खानी तथा उत्खनन, उत्पादनमूलक र थोक तथा खुद्रा व्यापार क्षेत्रहरू बढी प्रभावित भएकोले यी क्षेत्रहरूको वृद्धिदर ऋणात्मक रहने अनुमान छ ।

२०८० असोज मसान्तमा वार्षिक विन्दुगत उपभोक्ता मुद्रास्फिति ७.५० प्रतिशत रहेको छ । अधिल्लो वर्षको सोही अवधिमा यस्तो मुद्रास्फिति ८.५० प्रतिशत रहेको थियो । वार्षिक विन्दुगत आधारमा खाद्यान्न समूहको मूल्य वृद्धि ८.३८ प्रतिशत र गैर खाद्य तथा सेवा समूहको मूल्यवृद्धि ६.८१ प्रतिशत रहेको छ । अधिल्लो वर्षको सोही अवधिमा यस्तो समूहको मूल्यवृद्धि क्रमशः ८.०५ प्रतिशत र ८.८५ प्रतिशत रहेको थियो । आर्थिक वर्ष २०७९/०८० मा मुद्रास्फिति ७ प्रतिशतभित्र कायम गरी मौद्रिक नीतिको कार्यदिशा तय गरिएकोमा २०८० जेष्ठसम्मको औषत मुद्रास्फिति ७.७७ प्रतिशत रहेको छ । २०८० जेष्ठ महिनामा वार्षिक विन्दुगत मुद्रास्फिति ६.८३ प्रतिशत रहेको छ । हाल पर्यटक आगमनमा सुधार भएको छ । वैदेशिक रोजगारी र विप्रेषण आप्रवाहलाई गरिएको प्रोत्साहनले गत वर्ष सन्तोषजनक रहेको र यस आ.व.मा वृद्धिदर सामान्य रहने छ । नेपालको ग्राहस्थ बचत लामो समय देखि कुल ग्राहस्थ उत्पादनको १० प्रतिशत भन्दा न्यून रहेको स्थिति छ । तसर्थ बचत वृद्धिका लागि सार्वजनिक तथा निजी लगानीलाई अधिकतम प्रतिकुल दिने क्षेत्रमा परिचालन गरि पूँजी निर्माणको गति बढाउनु आवश्यक छ ।

रूस युक्रेन युद्ध, पेट्रोलियम पदार्थको मूल्यवृद्धि र आपूर्ति व्यवधान लगायतका कारण मुद्रास्फिति उच्च रहन गएको पृष्ठभूमिमा भएको व्याजदरको बढोत्तरीले विश्व अर्थतन्त्रको वृद्धिदर सुस्त भएको छ । अन्तराष्ट्रिय मुद्रा कोषले विश्व अर्थतन्त्र र विकसित एवं उदयीमान अर्थतन्त्रको वृद्धिदर सन् २०२३ मा न्यून रहने र सन् २०२४ मा सामान्य सुधार आउने प्रक्षेपण गरेको छ ।

ज) प्रतिवेदन मिति सम्म चालु वर्षको उपलब्धी र भविष्यका सम्बन्धमा

संचालक समितिको धारणा:

प्रतिवेदन तयार गर्दा (२०८० पौष मसान्त) सम्म यस संस्थाको निक्षेप रु.१२,१२,४६,०९,४९७.०६ र कर्जा रु.९,१९,२४,४४,७७१.३३ रहेको व्यहोरा जानकारी गराउन चाहन्छौं । सकेसम्म सम्भावित जोखिमलाई न्यूनीकरण गरि मानव संसाधन तथा सूचना प्रविधिको माध्यमबाट भरपर्दो, सुरक्षित तथा प्रभावकारी सेवाहरू उपलब्ध गराउने हाम्रो लक्ष्य यथावत कायमै रहनेछ ।

चालु आ.व.मा आर्थिक मन्दीका कारणले व्यापार व्यवसाय लगायत सम्पूर्ण क्षेत्रमा सुव्यवस्थित तरिकाबाट आर्थिक चलायमान नभएकोले संस्थामा लगानी भन्दा निक्षेपको वृद्धि भई व्याज खर्च बढ्न गएको व्यहोरा यहाँहरूलाई अवगत छ । ऋणीहरूले आफ्नो दायित्व निसर्ग गर्न गाह्रो हुनु र नेपाल राष्ट्र बैंकको निर्देशन अनुसार कर्जा नोक्सानी व्यवस्था समेत बढ्नुले यसको प्रतिकुल नाफामा पर्नु स्वभाविक हो । तसर्थ संस्थाले हाल ऋण कर्जा प्रवाह भन्दा ऋण कर्जा असुली तर्फ विशेष ध्यान केन्द्रित भैरहेको व्यहोरा यस सम्मानित सभामा अनुरोध गर्न चाहन्छौं । आर्थिक गतिविधिले अपेक्षाकृत गतिलिन नसकेकाले व्याज खर्चमा बढी हुन गई नाफामा प्रतिकुल असर परेको छ तथापी यस संवेदनशीलतालाई मध्यनजर गर्दै आवश्यक पहलकदमी अगाडी बढाइएको यस गरिमामय सभामा जानकारी गराउन चाहन्छौं ।

झ) औद्योगिक तथा व्यवसायिक सम्बन्धमा:

संस्थाले आफूसँग आवश्यक एवं औद्योगिक तथा व्यवसायिक पक्षहरूसँग सौहार्दपूर्ण सम्बन्ध राखी आएको छ । यस्तो सम्बन्धलाई निरन्तर रूपमा भविष्यमा समेत राख्न पारदर्शी ढंगले संस्थाको हितमा उपभोग गर्ने प्रयासरत रहने प्रतिवद्धता व्यक्त गर्दछौं । सेवाग्राहीहरूको सन्तुष्टि नै संस्थाको सफलता निहित रहने भएकाले सेवाग्राही महानुभावहरूलाई मुख्य प्राथमिकतामा राख्ने

उद्देश्यबाट यो संस्था सधैं निर्देशित छ । अतः सेवा सुविधाहरूलाई सकेसम्म गुणस्तरिय बनाई पारदर्शी व्यवसायिकको अवस्था र विश्वासको कारणबाट यस संस्थाको प्रगतिमा हाम्रा सम्पूर्ण महानुभावहरूको सहयोग रहने छ भन्ने हामीले विश्वास लिएका छौं ।

ज) सामाजिक उत्तरदायित्व

समीक्षा अवधिमा संस्थाले सामाजिक उत्तरदायित्व अन्तर्गत विभिन्न सामाजिक परोपकारी संस्था स्कूल कलेजमा अध्ययन गर्ने आर्थिक अवस्था कमजोर भएका जेहेन्दार विद्यार्थीहरूलाई छात्रवृत्ति तथा उच्च अंक प्राप्त गर्ने विद्यार्थीलाई कदर पत्र प्रदान गर्ने गरेको छ । सामाजिक, आर्थिक, साँस्कृतिक तथा खेलकुद जस्ता क्षेत्रहरूमा आवश्यक सहयोग गर्नुका साथै संस्थाले धेरै अगाडी देखि नै संचालन गर्दै आइरहेको । am MBA जस्ता वित्तीय साक्षरता कार्यक्रमलाई यस वर्ष पनि निरन्तरता दिइरहेको छ ।

ट) लेखा परिक्षण प्रतिवेदनमा संचालक समितिको प्रतिक्रिया :

आन्तरिक तथा बाह्य लेखापरीक्षकहरूबाट यस अवधिमा सामान्य कुराहरू बाहेक नीतिगत तथा संस्थाको कारोबारमा असर पर्ने खालका कुनै कैफियतहरू उल्लेखित गरिएको छैन ।

ठ) लाभांश बाँडफाँड :

समीक्षा अवधिमा लाभांश बाँडफाँड गरिएको छैन ।

ड) संचालक समितिमा भएको हेरफेर र सो को कारण :

हाल विद्यमान संचालक समितिमा कुनै हेरफेर भएको छैन । विद्यमान संचालक समितिको कार्यकाल यसै साधारण सभाबाट समाप्त हुने भएकोले यसै साधारण सभाबाट एक जना महिला सहित संस्थापक शेयरधनीहरूका तर्फबाट संचालक समितिमा प्रतिनिधित्व गर्ने संचालक पद २ सर्वसाधारण शेयरधनीहरूका तर्फबाट संचालक समितिमा प्रतिनिधित्व गर्ने संचालक पद २ को निर्वाचन सम्पन्न हुनेछ । नयाँ संचालक समितिले हाम्रो संस्थालाई अझ बढी जिम्मेवारी पूर्वक उत्तरोत्तर प्रगतिको बाटो तर्फ डोर्‍याउने छ भन्ने हामीले आशा लिएका छौं । कार्यकाल समाप्त भएका सम्पूर्ण संचालकज्यूहरूलाई उहाँहरूले यस वित्तीय संस्थाको प्रगतिका लागि पुर्‍याउनु भएको महत्वपूर्ण योगदानको लागि हार्दिक धन्यवाद दिन चाहन्छु । साथै नयाँ संचालक समितिले अझ सुव्यवस्थित रूपमा संचालन गरी अगाडि बढ्ने छ भनी आशा लिएका छौं ।

शेयरधनी महानुभावज्यूहरू,

अन्तमा, संस्थाको प्रगति तथा समृद्धिको लागि यहाँहरूले गर्दै आउनु भएको सहयोग, सदभाव, अमूल्य सुझाव तथा मार्ग दर्शन प्रति हार्दिक आभार व्यक्त गर्दै आउँदा दिनहरूमा पनि आ-आफ्नो क्षेत्रहरूबाट निरन्तर सहयोग पाइरहने हामीले आशा गरेका छौं । वर्तमान अवस्थासम्म आई पुग्न आ-आफ्नो क्षेत्रबाट निरन्तर सहयोग पुर्‍याउनु हुने सम्पूर्ण आदरणीय शेयरधनी महानुभावज्यूहरू, लगायत श्री नेपाल राष्ट्र बैंक, श्री कम्पनी रजिष्ट्रारको कार्यालय, श्री नेपाल धितोपत्र बोर्ड, श्री नेपाल स्टक एक्सचेन्ज लिमिटेड, श्री कर्जा सूचना केन्द्र लिमिटेड, श्री आन्तरिक राजस्व कार्यालय, श्री सिडिएस एण्ड क्लियरिङ लिमिटेड, श्री एनआईविएल एस क्यापिटल लिमिटेड, श्री नेपाल वित्तीय संस्था संघ, बैंक तथा वित्तीय संस्थाहरू, आन्तरिक तथा बाह्य लेखा परिक्षकज्यूहरू, शुभचिन्तक तथा ग्राहक वर्गहरू लगायत लगनशील कर्मचारी साथीहरू एवं समस्त प्रत्यक्ष अप्रत्यक्ष रूपमा सहयोग पुर्‍याउदै आउनु भएका सम्पूर्ण निकाय तथा महानुभावज्यूहरू प्रति हार्दिक कृतज्ञता एवं धन्यवाद व्यक्त गर्न चाहन्छु ।

Independent Auditor's Report

To the Shareholders of Goodwill Finance Limited

Opinion on the Financial Statements

We have audited the financial statements of **Goodwill Finance Limited** (the "Finance"), which comprises the Statement of Financial Position as at 31st Ashad, 2080 (16 July 2023), the Statement of Profit or Loss, Statement of Comprehensive Income, Statement of Changes in Equity, and Statement of Cash Flows for the year ended and Notes to the financial statements, including A Summary of the Significant Accounting Policies and other Explanatory Notes.

In our opinion, to the best of our knowledge and according to the explanation given to us, the aforesaid financial statements present in all material respects, the financial position of the Company, as at 31st Ashad 2080 and its financial performance, changes in equity, cash flow for the year then ended and a summary of significant accounting policies and explanatory notes in accordance with Nepal Financial Reporting Standards (NFRSs) which allowed carve-outs and comply with Companies Act 2063 and Bank and Financial Institutions Act 2073.

Basis for Opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of Nepal together with the ethical requirements that are relevant to the audit of the Company under the provisions of Companies Act, 2063 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of financial statements for the financial year ended 31 Ashad 2080. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

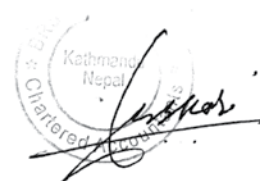

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the “Auditor’s Responsibilities for the Audit of the Financial Statements” section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key Audit Matters	Auditor’s Response
Investment Valuation, Identification and Impairment	
<p>Investment of the Finance comprises of several investments in T-Bills, NRB / Government Bonds, and other quoted and unquoted equity investments. Valuation of these investments are conducted in line with NAS 39 read with NFRS-9 and NRB directive 8. Investments in T-Bills, NRB / Government Bonds are recognized on each reporting date on Amortized costs whereas other quoted and unquoted equity investments at Fair Value through Other Comprehensive Income (FVTOCI).</p> <p>Given the variations of treatments used for valuation of investment based on the nature of cash flows, business model adopted and complexity of calculations, we have determined it as Key Audit Matters in our Audit.</p>	<p>Our audit approach regarding valuation, and verifications and identifications include following:</p> <ol style="list-style-type: none"> Reviewing of the Investment of the Finance and its valuation with reference to the applicable NFRS and NRB directives. Assessing the expected cash flows and business model adopted by the Finance. For investment classified as FVTOCI and quoted, we ensured that Fair value was conducted by obtaining closing market rate as on 16.7.2023. And for unquoted investment, the fair value being taken as par value of investment.
Impairment of Loans and Advances	
<p>NRB directive 4 prescribe that BFIs shall measure impairment on Loan and advances at higher of following:</p> <ul style="list-style-type: none"> Provision amount derived as per norms prescribed by NRB or Impairment amount derived as per NAS 39 using Incurred Loss Model <p>The process of estimating the provision for loans and advances associated with credit risk is significant and complex. The materiality of the reported amounts for the loans and advances (and impairment allowance thereof). Considering the nature of the transaction,</p>	<p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as under:</p> <ol style="list-style-type: none"> Reviewing the overdue status of the loans and advances. Evaluating the design of internal controls relating to implementation of circulars/directives issued by NRB and internal policies and procedure of the Finance. Examining all the large and other advances on a sample basis including review of valuation reports of the independent valuers as provided by the

<p>regulatory requirement, existing business environment, estimation/ judgement involved in the valuation of securities, it is a matter of higher importance for the intended users of financial statements. Considering these aspects, we have determined this as Key Audit Matter.</p>	<p>Finance's management.</p> <p>d. Reviewing the files of borrowers containing credit appraisal and other substantiating documents selected on sample basis and assessing the assigned risk premium and appropriate action taken commensurate with the operation of such accounts.</p> <p>e. Performing relevant analytical procedures.</p>
<p>Information Technology (IT) systems and controls over financial reporting</p>	
<p>The entire preparation of financial statements is highly dependent on CBS and other supporting software and hardware controls. Adequate and appropriate IT controls are required to ensure that IT application process data are as expected, appropriate user access and changes are made in an appropriate manner. Such controls ensure mitigating the expected risk of erroneous output data. Audit outcome is dependent on the extent IT controls and systems, and accordingly the above areas are determined to be as key audit matter.</p>	<p>We have carried out our audit procedures with Nepal Standards on Auditing guidelines towards implementation of IT policies and procedures followed by the Finance in order to effectively monitor, control, and evaluate the IT applications and controls to ensure effective implementation of such policies and procedures. Also, our approach for Information Technology (IT) systems and controls over financial reporting was based on NRB Information Technology Guidelines 2012 and includes following:</p> <p>A. Reviewed report generated by CBS</p> <p>B. Verified few loans and deposits interest calculations on test basis</p> <p>C. Verified the loan loss provision of loans and advances based on ageing for the date 16.07.2023</p>
<p>Recognition of Interest Income on Loans and advances</p>	
<p>Following implementation of NFRS and NRB Interest Income Recognition Guidelines 2019, Finances are recognizing interest income on accrual basis. Though accrual basis of income recognition is prescribed in general, the guidelines require suspension of interest recognition on accrual basis for loans and advances with overdue of more than 12 months whereas for loans and advances with overdue of interest and installment between 3 to 12 months, interest recognition on accrual basis is limited on the basis of result of collateral testing is specified. Considering the lack of in-built system for automatically suspending the recognizing, lack of reviewing the fair value of collateral on regular basis may create improper application of NRB guidelines.</p>	<p>Our audit method for recognition of interest income on Loans and advances include the following:</p> <p>a. Reviewing the internal control process for accrued interest on loan and advances.</p> <p>b. Obtaining the accrued interest from CBS and testing on sample basis by manual computations.</p> <p>c. For fair value collateral mortgage as security, we considered the latest available valuation report provided by the independent valuers of the Finance.</p>

Other Information

Management is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with NFRS and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing as applicable the matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting.
- Evaluate the overall presentation, structure and content of the financial statements, including

the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Report on Other Legal and Regulatory Requirements

We have determined to communicate following matters in accordance with the requirements of NRB Directives, Companies Act 2063, BAFIA 2073 and other regulatory requirements.

- We have obtained all the information and the explanation which to the best of our knowledge and belief, where necessary for the purpose of our audit.
- Based on our audit, proper books of account as required by law have been kept by the company.
- Returns received from the branch offices of the company were adequate for the purposes of our audit though the statements are independently not audited.
- The capital fund, risk bearing fund and the provisions for possible impairment of assets of the company are adequate considering the Directives issued by Nepal Rastra Bank.
- In our opinion and to the best of our information and according to the explanations and from our examination of the books of accounts of the company we have not come across any case where the Board of Directors or any office bearer of the company have acted contrary to the provisions of law, or committed any misappropriation or caused any loss or damage to the company and violated Directives issued by Nepal Rastra Bank or acted in a manner, as would jeopardize the interest and security of the company, its shareholders and its depositors.
- The business of the company has been conducted satisfactorily and operated within its jurisdiction and has been functioning as per NRB directives.

2	Ordinary Shares	49%
	Total	100

2 Basis of Preparation

The financial statements of the Finance have been prepared on the accrual basis of accounting except the Cash flow information which is prepared, on a cash basis, using the direct method. The interest income is recognized on effective interest rate method.

The financial statements comprise the Statement of Financial Position, Statement of Profit or Loss and Statement of Other Comprehensive Income shown in two separate statements, the Statement of Changes in Equity, the Statement of Cash Flows and the Notes to the Accounts. The significant accounting policies applied in the preparation of financial statements are set out below in point number 3. These policies are consistently applied to all the years presented, except for the changes in accounting policies disclosed specifically.

2.1 Statement of compliance

The financial statements have been prepared in accordance with Nepal Financial Reporting Standards (NFRS) adopted by the Accounting Standards Board (ASB) of Nepal, pronounced by The Institute of Chartered Accountants of Nepal (ICAN) and as per the directives no. 4 of Unified Directives, 2079 issued by Nepal Rastra Bank (NRB).

The financial statements have been prepared on the going-concern basis.

2.2 Reporting period and approval of financial statements

Reporting Period is a period from the first day of Shrawan (mid-July) of any year to the last day of Ashad (mid-July) of the next year as per Nepalese calendar.

The current year period refers to 1st Shrawan 2079 to 31st Ashad 2080 as per Nepalese Calendar corresponding to 17th July 2022 to 16th July 2023 as per English Calendar and corresponding previous year period is 1st Shrawan 2078 to 32nd Ashad 2079 as per Nepalese Calendar corresponding to 16th July 2021 to 16th July 2022 as per English Calendar.

	Nepalese Calendar	English Calendar
Current Year	2079/80	2022/23
Previous Year	2078/79	2021/22
Current Year Period	1st Shrawan 2079 to	17th July 2022 to
	31st Ashad 2080	16th July 2023
Previous Year Period	1st Shrawan 2078 to	16th July 2021 to
	32nd Ashad 2079	16th July 2022

The Financial Statements were authorized for issue by the Board of Directors on 2080/09/06 The Company prepared its financial statements in accordance with the requirements of Nepal Financial Reporting Standards.

2.3 Functional and presentation currency

The financial statements are presented in Nepalese Currency (NPR) (rounded to the nearest Rupee unless otherwise stated), which is the company's functional currency. The Finance determines the functional currency and items included in the financial statements are measured using that functional currency.

2.4 Use of Estimates, assumptions and judgments

The preparation of the Finance's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Information about assumptions and estimation that have a significant risk of resulting in a material adjustment within the next financial year are:

- Key assumptions used in discounted cash flow projections.
- Measurement of defined benefit obligations.
- Provisions, commitments and contingencies.
- Determination of net realizable value.
- Determination of useful life of the property, plants and equipment.
- Assessment of the Finance's ability to continue as going concern.
- Determination of fair value of financial instruments; and property and equipment.
- Impairment of financial and non-financial assets.
- Assessment of current as well as deferred tax.

2.5 Changes in Accounting policies

The Company has consistently applied the accounting policies to all periods presented in these financial statements except for new or revised statements and interpretations implemented during the year. The nature and effect of new standards and interpretations are discussed in note that follows.

2.6 New standards in issue but not yet effective

A number of new standards and amendments to the existing standards and interpretations have been issued by IASB after the pronouncements of NFRS with varying effective dates. Those become applicable when ASB Nepal incorporates them within NFRS. The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Finance's financial statements are disclosed below. The Finance intends to adopt these standards, if applicable, when they become effective.

- **IFRS 17 Insurance Contracts**

IFRS 17 is an International Financial Reporting Standard that was issued by the International Accounting Standards Board in May 2017. It will replace IFRS 4 on accounting for insurance contracts and has an effective date of 1 January 2021. In November 2018 the International Accounting Standards Board proposed to delay the effective date by one year to 1 January 2022.

- **IFRS 19 Employee Benefits**

Amendments regarding plan amendments, curtailments and settlements were done on February 2018 and shall be applicable for annual periods beginning on or after 1 January 2019.

2.7 New Standards and interpretation not adapted

All Nepal Accounting Standards and Nepal Financial Reporting Standards and other interpretation issued by ASB of Nepal have been adapted while preparing financial statements.

2.8 Discounting

Non- current assets and liabilities are discounted where discounting is material.

3 Significant Accounting Policies

The principal accounting policies applied by the Finance in the preparation of these financial statements are presented below. These policies have been consistently applied to all the years presented unless stated otherwise.

3.1 Basis of Measurement

The financial statements are prepared on the historical-cost basis except for the following material items in the statement

of financial position:

- Investment property is measured at fair value.
- Liabilities for cash-settled, share-based-payment arrangements are measured at fair value.
- Available for sale financial assets are measured at fair value.
- Investments held-for-trade is measured at fair value.
- Derivative financial instruments are measured at fair value.
- Defined benefit schemes, surpluses and deficits are measured at fair value.
- Impairment of asset is measured at fair value and related disposal cost.

Estimates and underlying assumptions are reviewed on an ongoing basis and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results could differ from those estimates. The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company. Any revisions to accounting estimates are recognized prospectively in the period in which the estimates are revised and in the future periods. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in notes that follow.

Distinction of Current and Non-Current

Assets

All the assets except the property, plant and equipment and deferred tax assets are classified as current assets unless specific additional disclosure is made in the notes.

Liabilities

All the liabilities except the defined benefit plan obligations are classified as current liabilities unless specific additional disclosure is made in the notes.

Materiality and Aggregation

In compliance with NAS 1 - Presentation of Financial Statements, each material class of similar items is presented separately in the financial Statements. Items of dissimilar nature or functions are presented separately unless they are material.

3.2 Basis of consolidation

The Finance does not have any subsidiaries or special purpose entities over which it exercises control. Hence, only standalone financial statement is prepared.

3.3 Cash and cash equivalent

Cash and cash equivalents include cash at vault and agency bank account balances, unrestricted balances with NRB, highly liquid financial assets with original maturity of 3 months from the date of its acquisition and are readily convertible to cash, which are subject to an insignificant risk of changes in value. Cash and Cash equivalent are measured at amortized cost in the statement of financial position.

Statement of Cash Flows has been prepared by using the 'Direct Method' in accordance with NAS 07- Statement of Cash Flows.

3.4 Financial assets and financial liabilities

Recognition

The Finance initially recognizes a financial asset or a financial liability in its statement of financial position when, and only when, it becomes party to the contractual provisions of the instrument. The Finance initially recognize loans and advances, deposits; and debt securities/ subordinated liabilities issued on the date that they are originated which is the date that the Finance becomes party to the contractual provisions of the instruments. Investments in equity instruments, bonds, debenture, Government securities, NRB bond or deposit auction, reverse repos, outright purchase are recognized on trade date at which the Finance commits to purchase/ acquire the financial assets. Regular way purchase and sale of financial assets are recognized on trade date.

Classification

i. Financial Assets

The Finance classifies the financial assets as subsequently measured at amortized cost or fair value on the basis of the Finance's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. The two classes of financial assets are as follows:

1. Financial assets measured at amortized cost

The Finance classifies a financial asset measured at amortized cost if both of the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and

- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding
2. *Financial asset measured at fair value*
- Financial assets other than those measured at amortized cost are measured at fair value. Financial assets measured at fair value are further classified into two categories as below:
- a) *Financial assets at fair value through profit or loss*
- Financial assets are classified as fair value through profit or loss (FVTPL) if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction costs are directly attributable to the acquisition are recognized in profit or loss as incurred. Such assets are subsequently measured at fair value and changes in fair value are recognized in Statement of Profit or Loss.
- b) *Financial assets at fair value through other comprehensive income*
- Investment in an equity instrument that is not held for trading and at the initial recognition, the Finance makes an irrevocable election that the subsequent changes in fair value of the instrument is to be recognized in other comprehensive income are classified as financial assets at fair value through other comprehensive income. Such assets are subsequently measured at fair value and changes in fair value are recognized in other comprehensive income.
- ii. **Financial Liabilities**
- The Finance classifies the financial liabilities as follows:
- a) *Financial liabilities at fair value through profit or loss*
- Financial liabilities are classified as fair value through profit or loss (FVTPL) if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction cost is directly attributable to the acquisition are recognized in Statement of Profit or Loss as incurred. Subsequent changes in fair value is recognized at profit or loss
- b) *Financial liabilities measured at amortized cost*
- All financial liabilities other than measured at fair value through profit or loss are classified as subsequently measured at amortized cost using effective interest method.

Measurement

Financial assets at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Statement of Profit and Loss on disposal of the investments.

A financial asset is held for trading if:

- It has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividends on these investments in equity instruments are recognized in Statement of Profit and Loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognized in Statement of Profit and Loss are included in the 'Other income' line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortized cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortized cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortized cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of Profit and Loss. The net gain or loss recognized in Statement of Profit and Loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognized when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or is designated as at FVTPL.

A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- The financial liability forms part of a company of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the Company is provided internally on that basis; or
- It forms part of a contract containing one or more embedded derivatives, and NFRS 9 permits the entire combined contract to be designated as at FVTPL in accordance with NFRS 9.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in Statement of Profit and Loss. The net gain or loss recognized in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognized in Statement of Profit and Loss. The remaining amount of change in the fair value of liability is always recognized in Statement of Profit and Loss. Changes in fair value attributable to a financial liability's credit risk that are recognized in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to Statement of Profit and Loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition

i. De-recognition of financial assets

The Finance derecognizes a financial asset when the contractual rights to the cash flows from the financial assets expire, or when it transfers the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Finance neither transfers nor retains substantially all the risks and rewards of ownership and it does not retain control of the financial asset.

Any interest in such transferred financial assets that qualify for de-recognition that is created or retained by the Finance is recognized as a separate asset or liability. On de-recognition of a financial asset, the difference between the carrying amount of the asset, and the sum of

- The consideration received and
- Any cumulative gain or loss that had been recognized in other comprehensive income is recognized in Statement of Profit or Loss.

The Finance enters into transactions whereby it transfers assets recognized on its Statement of Financial Position, but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. If all or substantially all risks and rewards are retained, then the transferred assets are not derecognized. Transfers of assets with retention of all or substantially all risks and rewards include, for example repurchase transactions.

ii. De-recognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognized in Statement of Profit or Loss.

Determination of fair value

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Finance measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Finance uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The fair value measurement hierarchy is as follows:

Level 1 fair value measurements are those derived from unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 valuations are those with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.

Level 3 portfolios are those where there are unobservable inputs of the instruments. The inputs are not based on observable market data.

The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price i.e., the fair value of the consideration given or received. If the Finance determines that the fair value at initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability (Level 01 valuation) nor based on a valuation technique that uses only data from observable markets (Level 02 valuation), then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value at initial recognition and the transaction price. Subsequently, that difference is recognized in profit or loss on an appropriate basis over the life of the instrument but not later than when the valuation is wholly supported by observable market data or the transaction is closed out. In case the fair value is evidenced by a quoted price in an active market for an identical asset or liability (Level 01 valuation), the difference between the transaction price and fair value is recognized in profit or loss immediately.

Impairment

At each reporting date, the Finance assesses whether there is objective evidence that a financial asset or group of financial assets not carried at fair value through profit or loss are impaired. A financial asset or a group of financial assets is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s), and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

Objective evidence that financial assets are impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower, restructuring of a loan or advance by the Finance on terms that the Finance would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

In case of financial difficulty of the borrower, the Finance considers to restructure loans rather than take possession of collateral. This may involve extending the payment arrangements and agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms and the loan is no longer considered past due. Management continually reviews renegotiated loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual or collective impairment assessment, calculated using the loan's original EIR.

Impairment of financial assets measured at amortized cost

The Finance considers evidence of impairment for loans and advances and investment securities measured at amortized cost at both specific asset and collective level. The Finance first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant and that are not individually significant are assessed on collectively.

If there is objective evidence on that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows. The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

All individually significant loans and advances; and investment securities measured at amortized cost found not to be specifically impaired and those that are not individually significant are collectively assessed for impairment by grouping together loans and advances with similar risk characteristics.

All individually significant loans and advances and investment securities are assessed for specific impairment. Those found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Loans and advances and held- to-maturity investment securities that are not individually significant are collectively assessed for impairment by grouping together loans and advances and held-to-maturity investment securities with similar risk characteristics.

Impairment of loans and advances portfolios are based on the judgments in past experience of portfolio behavior. In assessing collective impairment, the Finance uses historical trends of the probability of default, the timing of recoveries and the amount of loss incurred, adjusted for management's judgment as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends. Default rates, loss rates and the expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate.

Impairment losses on assets measured at amortized cost are calculated as the difference between the carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate.

Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the Finance. If in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a write off is later recovered, the recovery is recognized in the 'Other operating income'.

Impairment of investment in equity instrument classified as fair value through other comprehensive income

Objective evidence of impairment of investment in an equity instrument is a significant or prolonged decline in its fair value below its cost. Impairment losses are recognized by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and the current fair value, less any impairment loss recognized previously in profit or loss.

3.5 Trading assets

Interest income on all trading assets are considered to be incidental to the finance's trading operations and are presented together with all other changes in fair value of trading assets and liabilities in net trading income.

Interest expense on all trading liabilities are considered to be incidental to the finance's trading operations and are presented together with all other changes in fair value of trading assets and liabilities in net trading income.

3.6 Derivatives assets and derivative liabilities

For designated and qualifying fair value hedges, the cumulative change in the fair value of a hedging derivative is recognized in the income statement in Net trading income. Meanwhile, the cumulative change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item in the statement of financial position and is also recognized in the income statement in Net trading income.

If the hedging instrument expires or is sold, terminated or exercised, or where the hedge no longer meets the criteria for hedge accounting, the hedge relationship is discontinued prospectively. For hedged items recorded at amortized cost, the difference between the carrying value of the hedged item on termination and the face value is amortized over the remaining term of the original hedge using the recalculated EIR method. If the hedged item is derecognized, the unamortized fair value adjustment is recognized immediately in the income statement.

3.7 Property and Equipment

a) Recognition and Measurement

Property and Equipment are recognized if it is probable that future economic benefits associated with the assets will flow to the Finance and the cost of the asset can be reliably measured. The cost includes expenditures that are directly attributable to the acquisition of the assets. Cost of self-constructed assets includes followings:

- Cost of materials and direct labour;
- Any other cost directly attributable to bringing the assets to the working condition for their intended use; and
- Capitalized borrowing cost

Property and equipment are measured at cost less accumulated depreciation and accumulated impairment loss if any. Neither class of the property and equipment are measured at revaluation model nor is their fair value measured at the reporting date.

Subsequent expenditure is capitalized if it is probable that the future economic benefits from the expenditure will flow to the entity. Ongoing repairs and maintenance to keep the assets in working condition are expensed as incurred.

Any gain or losses on de-recognition of an item of property and equipment is recognized in profit or loss.

b) Capital work in progress

Assets in the course of construction are capitalized in the assets under capital work in progress account (CWIP). At the point when an asset is capable of operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Where an obligation (legal or constructive) exists to dismantle or remove an asset or restore a site to its former condition at the end of its useful life, the present value of the estimated cost of dismantling, removing or restoring the site is capitalized along with the cost of acquisition or construction upon completion and a corresponding liability is recognized.

c) Depreciation

Property and equipment's are depreciated from the date they are available for use on property on written down value method over estimated useful lives as determined by the Management. Depreciation is recognized in profit or loss. Land is not depreciated. Charging of depreciation is ceased from the earlier of the date from which the asset is classified as held for sale or is derecognized.

The estimated useful lives of significant items of property and equipment for current year and comparative periods are as follows:

Class of Assets	Useful Life	Rate of Depreciation
Building	20 years	5%
Vehicles	6.67 years	15%
Furniture-Wooden	6.67 years	15%
Furniture-Steel	10 years	10%
Machinery	5 years	20%
Equipment and Others	6.67 years	15%
Computers	5 years	20%

- The capitalized value of Software Purchase and installation costs are amortized over a maximum 5 years' period or within the ownership period.
- Assets costing less than Rs. 10,000 are fully depreciated in the year of purchase. For assets purchased/sold during the year, depreciation is provided upto the date of use on pro-rata basis.

3.8 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash generating unit level. Such intangibles are not amortized. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is made on a prospective basis.

The intangible asset with finite useful lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an

intangible asset with a finite useful life are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit or loss.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Certain computer software costs are capitalized and recognized as intangible assets based on materiality, accounting prudence and significant benefits expected to flow therefrom for a period longer than one year.

The estimated useful lives of significant items of intangible assets for current year and comparative periods are as follows:

Class of Assets	Useful Life	Rate of Depreciation
Computer software	5 years	20%

3.9 Investment Property

Investment property is the land or building or both held either for rental income or for capital appreciation or for both, but not for sale in ordinary course of business and owner-occupied property. The Finance holds investment property that has been acquired through the enforcement of security over the loan and advances.

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the cost of replacing part of an existing investment property at the time that cost is incurred. If the recognition criteria are met; and excludes the costs of day-to-day servicing of an investment property, Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the reporting date. Gains or losses arising from changes in the fair values of investment properties are included in the income statement in the year in which they arise. Investment property which initially measured at cost and subsequently at cost Model. Accordingly, such properties are subsequently measured at cost less accumulated depreciation and impairment loss if any.

Fair values are evaluated annually by an accredited external, independent valuator.

Investment properties are derecognized either when they have been disposed of, or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the income statement in the year of retirement or disposal.

3.10 Income tax

The Company is subject to tax laws of Nepal. Income Taxes have been calculated as per the provisions of the Income Tax Act, 2058. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax law carry-forwards become deductible. The company considers the expected reversal of deferred tax liabilities and projected future taxable income making this assessment. The amount of the deferred tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current Tax

Current tax is the amount of tax payable based on the taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date in the countries where the Company operates and generates taxable income. Current income tax assets and liabilities also include adjustments for tax expected to be payable or recoverable in respect of previous periods.

Deferred Tax

Deferred tax is recognized on temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is determined using tax rates (and laws) enacted or substantively enacted at the reporting date and that are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled. Deferred tax assets are reviewed at each reporting date and reversed if it is no longer probable that the related tax benefits will be realized. The

measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.11 Deposits, debt securities issued and subordinated liabilities

Finance deposits consist of money placed into the Finance by its customers. These deposits are made to deposit accounts such as fixed deposit accounts, savings accounts, margin deposit accounts, call deposit accounts and current accounts. Details and further disclosures about deposits have been explained in Note that follows.

3.12 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of a past event, when it is probable that an outflow of resources will be required to settle the obligation and when the amount can be reliably estimated.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A disclosure for contingent liabilities is made where there is:

- a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- present obligation that arises from past events but is not recognized because:
- It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting period.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

3.13 Revenue Recognition

Revenue comprises of interest income, fees and commission, foreign exchange income, cards income, disposal income etc. Revenue is recognized to the extent it is probable that the economic benefits will flow to the Finance and the revenue can be reliably measured. Revenue is not recognized during the period in which its recoverability of income is not probable. The bases of incomes recognition are as below:

Interest income

Interest income is recognized in profit or loss using effective interest method. Effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of financial asset or liability to the carrying amount of the asset or liability. The calculation of effective interest rate includes all transactions cost and fee and points paid or received that are integral part of the effective interest. The transaction costs include incremental costs that are directly attributable to the acquisition or issue of financial assets.

Interest income presented in statement of comprehensive income includes:

- Interest income on financial assets measured at amortized cost calculated on an effective interest rate method. These financial assets include loans and advances including staff loans, investment in government securities, investment in corporate bonds, investment in NRB Bond and deposit instruments, reverse repos, inter banking lending etc.
- Interest on investment securities measured at fair value, calculated on effective interest rate.
- Income on discounted instruments like bills purchased, documents negotiation is recognized over the period of discounting on accrual basis using effective interest rate.

Interest income on all trading assets are considered to be incidental to the Finance's trading operations and are presented together with all other changes in fair value of trading assets and liabilities in net trading income.

Fee and commission income

Fees and commission income that are integral to the effective interest rate on a financial asset are included in measurement of effective interest rate. Other fees and commission income including management fee, service charges, syndication fee, forex transaction commission, commission of issue of guarantee are recognized as the related services are performed.

Dividend income

Dividend on investment in resident company is recognized when the right to receive payment is established. Dividend income is presented in net trading income, net income from other financial instruments at fair value through profit or loss or other revenue based on the underlying classification of the equity instruments.

Net trading income

Results arising from trading activities include all gains and losses from changes in fair value and related interest income or expense and dividends for financial assets and financial liabilities held for trading. This includes any ineffectiveness recorded in hedging transactions.

Net income from other financial instrument at fair value through Profit or Loss

Financial assets and financial liabilities classified in this category are those that have been designated by management upon initial recognition. Management may only designate an instrument at fair value through profit or loss upon initial recognition when the following criteria are met, and designation is determined on an instrument-by-instrument basis:

- The designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognizing gains or losses on them on a different basis.
- The assets and liabilities are part of a group of financial assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy.
- The financial instrument contains one or more embedded derivatives, which significantly modify the cash flows that would otherwise be required by the contract.

Financial assets and financial liabilities at fair value through profit or loss are recorded in the statement of financial position at fair value. Changes in fair value are recorded in Net gain or loss on financial assets and liabilities designated at fair value through profit or loss is recognized in statement of Profit or Loss. Interest earned or incurred is accrued in Interest income or Interest expense, respectively, using the effective interest rate (EIR), while dividend income is recorded in other operating income when the right to the payment has been established.

3.14 Interest expense

Interest expense on all financial liabilities including deposits are recognized in profit or loss using effective interest rate method. Interest expense on all trading liabilities are considered to be incidental to the Finance's trading operations and are presented together with all other changes in fair value of trading assets and liabilities in net trading income.

3.15 Employees Benefits**a) Short Term Employee Benefits**

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is also recognized for the amount expected to be paid under bonus required by the prevailing Bonus

Act to pay the amount as a result of past service provided by the employee and the obligation can be estimated reliably under short term employee benefits.

Short-term employee benefits include all the following items (if payable within 12 months after the end of the reporting period):

- wages, salaries and social security contributions;
- paid annual leave and paid sick leave;
- profit-sharing and bonuses; and
- non-monetary benefits

b) Post-Employment Benefit Plan

Post-employment benefit plan includes followings:

i. Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which an entity pays a fixed contribution to a separate entity and has no legal or constructive obligation to pay future amounts. Obligations for contributions to defined contribution plans are recognized as personnel expense in profit or loss in the periods during which the related service are rendered by employees. Pre-paid contributions are recognized as an asset to the extent that cash refund or reduction in future payments is available. Contributions to a defined contribution plan being due for more than 12 months after the end of the period in which the employee render the service are discounted at their present value. The following are the defined contribution plan provided by the Finance to its employees:

a) Employees Provident Fund

In accordance with law, all employees of the Finance are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the Finance contribute monthly at a pre-determined rate (currently, 10% of the basic salary plus grades). Finance does not assume any future liability for provident fund benefits other than its annual contribution.

ii. Defined Benefit Plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Finance's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in current and prior periods. That benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is the yield at the reporting date on high quality corporate bonds, that have maturity dates approximating the terms of the Finance's obligation and that are denominated in the currency in which the benefits are expected to be paid. The calculation of obligation is performed annually by a qualified actuary using projected unit credit method.

The Finance recognizes all actuarial gains and losses arising from defined benefit plans immediately in other comprehensive income and all expenses related to defined benefits plans in employee benefit are expensed in profit or loss.

The following are the defined benefit plans provided by the Finance to its employees:

a) Gratuity

Finance provides for gratuity on accrual basis covering eligible employees in terms of Employee Service Byelaws of the Finance. The plan provides for lump sum payments to vested employees at retirement or upon death while in employment or on termination of employment for an amount equivalent defined days' eligible salary payable for each completed years of service.

b) Leave Salary

The employees of the Finance are entitled to carry forward a part of their unavailed/ unutilized leave subject to a maximum limit. The employees can encash unavailed/ unutilized leave partially in terms of Employee Service Byelaws of the Finance. The Finance accounts for the liability for entire accumulated outstanding leave balance on accrual basis as per Employee Service Byelaws of the Finance.

c) Termination Benefits

Termination benefits are recognized as expense when the Finance is demonstrably committed, without realistic possibility of withdrawal, to a formal plan to provide termination benefits to employees as a result of an offer made to encourage voluntary redundancy. Termination benefits are recognized if the Finance has made an offer for voluntary redundancy, it is probable that the offer will be accepted and the number of acceptances can be measured reliably. If the benefits are payable in more than 12 months after the reporting date, they are discounted to their present value.

3.16 Leases

Lease is a contract in which one party provides an asset to the other party for some consideration usually a periodic payment. The Finance assesses whether a contract is or contains a lease, at inception of the contract. In accordance with NFRS-16 “Leases”; the Finance recognizes a right-of-use asset and a corresponding lease liability, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets as the Finance is lessee in all lease arrangements.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. The finance has used its base rate of Ashad, 2078 for discounting.

The lease liability is presented within other Liabilities in the Statement of Financial Position. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the right-of use asset. If a lease transfer ownership of the underlying asset or the cost of the right-of-use asset reflects that the Finance expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease. The Finance depreciates Right-of-use assets from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The right-of-use assets are presented within Property, plant and Equipment in the Statement of Financial Position.

Transition

From 1st Shrawan 2078, the Finance has effectively adopted NFRS 16- “Leases”, which requires any lease arrangement to be recognized in the Statement of Financial Position of the lessee as a ‘right-of-use’ asset with a corresponding lease liability. Accordingly, depreciation has been charged on such assets as against lease rental expenses in the previous year. Similarly, interest expense has been recognized on lease liabilities under Interest Expenses. As permitted by the standard, the Finance has applied this standard w.e.f. 1st Shrawan 2078 and comparatives for the previous period/year have not been restated.

3.17 Foreign Currency translation

The items included in the financial statements of the entity are measured using the functional currency of the Company.

3.18 Financial guarantee and loan commitment

The Finance makes available to its customers guarantees that may require that the Finance makes payments on their behalf and enters into commitments to extend credit lines to secure their liquidity needs. Letters of credit and guarantees (including standby letters of credit) commit the Finance to make payments on behalf of customers in the event of a specific act, generally related to the import or export of goods. Such commitments expose the Finance to similar risks to loans and are mitigated by the same control processes and policies.

3.19 Share capital and reserves

The Finance classifies the capital instruments as equity instruments or financial liabilities in accordance with the substance with the contractual terms of the instruments. Equity is defined as residual interest in total assets of an entity after deducting all its liabilities. Common shares are classified as equity of the Finance and distributions thereon are presented in statement of changes in equity.

The Finance is required to maintain the capital adequacy ratio imposed by the regulator. The ratio is fixed at 11% for current year and the Finance has maintained the required ratio.

Incremental costs directly attributable to issue of an equity instruments are deducted from the initial measurement of the equity instruments.

3.20 Earnings per share including diluted

Basic earnings per share is computed by dividing the profit/(loss) for the year by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit/(loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

There have been no transactions involving ordinary shares or potential ordinary shares between the reporting date and the date of the completion of these financial statements which would require the restatement of earnings per share

3.21 Segment reporting

An operating segment is a component of the Finance that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relating to transactions with any of the Finance's other components, whose operating results are reviewed by the management to make decision about resource allocation to each segment and assess its performance. Since the Chief Operating Decision Maker monitors the activities of the Finance as a whole, the Finance has classified a single operating segment.

Impairment of financial assets

At each reporting date, the Finance has assessed whether there exists objective evidence that a financial asset or group of financial assets not carried at fair value through profit or loss are impaired. A financial asset or a group of financial assets is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s), and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

Objective evidence that financial assets are impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower, restructuring of a loan or advance by the Finance on terms that the Finance would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

In case of financial difficulty of the borrower, the Finance considers to restructure loans rather than take possession of collateral. This may involve extending the payment arrangements and agreement of new loan conditions. Once the terms

have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms and the loan is no longer considered past due. Management continually reviews renegotiated loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual or collective impairment assessment, calculated using the loan's original EIR.

1. Use of Carve Outs for Financial Assets

a. a. NFRS-9: Financial Instruments (Impracticability to determine transaction cost of all previous years which is the part of effective interest rate)

As per NFRS-9, an entity shall estimate cash flows considering all contractual terms of the financial instrument (for example, prepayment, call and similar options) but shall not consider future credit losses while calculating the effective interest rate. The calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate.

This Carve-out states that the effective interest rate calculation shall include all fees and points paid or received, unless it is immaterial or impracticable to determine reliably. The Bank has availed this Carve-out in the case of loans and advances for Financial Year 2079/80 and has not considered all fees and points paid or received which are impracticable to measure reliably while determining effective interest rate. As a result of this alternative treatment, the Bank has excluded the full amount of upfront loan management fees or commission received on loans and advances in the calculation of effective interest rate for the loan. The upfront fees and commission are recognized as income in the same period, the loan is approved.

b. NFRS-9: Financial Instruments: Recognition and Measurement (Incurred Loss Model to measure the Impairment Loss on Loan and Advances)

Carve out from the requirement to determine impairment loss on financial assets – loans and advances by adopting the 'Incurred Loss Model' unless the reporting entity is a bank or a financial institution registered as per Bank and Financial Institutions Act, 2073. Such entities shall measure impairment loss on loans and advances at the higher of amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provisioning; and amount determined as per NFRS. The Bank has adopted this mandatory treatment. As a result of this treatment, the Bank has recognized impairment loss on loans and advances at the higher of the amount derived as per prudential norms specified in NRB directive no. 2/79 and the amount derived from incurred loss model as specified by NFRS. The Bank has recognized impairment loss on other financial assets measured at amortized cost in accordance with NFRS.

c. Interest calculation on Impaired Loan and advances

NAS 39 requires when a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is thereafter recognized using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. However, the Finance has charged interest income by applying the Normal interest rate to the gross carrying amount of a financial asset unless the financial asset is written off either partially or fully.

Impairment of financial assets measured at amortized cost

The Finance considers evidence of impairment for loans and advances and investment securities measured at amortized cost at both specific asset and collective level. The Finance first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant and that are not individually significant are assessed on collectively.

If there is objective evidence on that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows. The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

All individually significant loans and advances; and investment securities measured at amortized cost found not to be specifically impaired and those that are not individually significant are collectively assessed for impairment by grouping together loans and advances with similar risk characteristics.

All individually significant loans and advances and investment securities are assessed for specific impairment. Those found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Loans and advances and held- to-maturity investment securities that are not individually significant are collectively assessed for impairment by grouping together loans and advances and held-to-maturity investment securities with similar risk characteristics.

Impairment of loans and advances portfolios are based on the judgments in past experience of portfolio behaviour. In assessing collective impairment, the Finance uses historical trends of the probability of default, the timing of recoveries

and the amount of loss incurred, adjusted for management's judgment as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends. Default rates, loss rates and the expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate.

Impairment losses on assets measured at amortized cost are calculated as the difference between the carrying amount and the present value of estimated future cash flows discounted at the asset's original Normal interest rate.

Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the Finance. If in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account.

Impairment allowance for Loans and Advances

The Finance, at each reporting date, assesses whether there is objective evidence that loans and advances carried at fair value through profit or loss are impaired and impairment provided for if impairment assessment indicates so. Loans and advances are impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s), and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

Objective evidence that loans and advances are impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower, restructuring of a loan or advance by the Finance on terms that the Finance would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

In case of financial difficulty of the borrower, the Finance considers to restructure loans rather than take possession of collateral. This may involve extending the payment arrangements and agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the Normal Interest rate as calculated before the modification of terms and the loan is no longer considered past due. Management continually reviews renegotiated loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual or collective impairment assessment, calculated using the loan's Normal Interest rate.

Prior to this change in policy, the Finance used to provide for impairment loss of loans and advances at 1% to 100% on the basis of classification of loans and advances in accordance with the directives of Nepal Rastra Bank.

The Finance believes the new policy is preferable as it more closely aligns the accounting for these transactions with the NFRS and will aid comparability.

4.23.1 Defined benefit obligation

The Finance provides Pension & Gratuity Plan, Retirement Plan and Leave Encashment Plan (in terms of Annual Leave and Sick Leave) as defined benefits to its employees. These benefits are post-employment benefit plans and are paid based on length of service. These benefit plans are funded whereas the Finance makes earmark investment of these funds. The gratuity plan provides for lump sum payments to vested employees at retirement or upon death while in employment or on termination of employment for an amount equivalent defined days' eligible salary payable for each completed year of service.

The pension plan provides for lump sum payments to vested employees at retirement or equated payment till death of the employee (and half thereafter to the spouse of the employee). Further, employees of the Finance are entitled to avail Annual Leave and Sick Leave. The employees can carry forward the un-availed leave and are entitled to encash the cumulative leave at the time of the retirement.

5.2.3 Risk Management Function

GFIL is exposed to various types of risks including credit, market, liquidity, operational, legal, compliance and reputation risks. The objective of the risk management framework at the Finance is to ensure that various risks are understood, measured and monitored and that the policies and procedures established to address these risks are strictly adhered to the Finance has set up a strong control and monitoring environment for comprehensive risk management at all levels of operation.

Measurement of Risks for Capital Adequacy Purpose:

Under Pillar 1 of the specific NRB guidelines, the finance company currently follows Simplified Standardized Approach for Credit Risk, Basic Indicator Approach for Operational Risk and Net Open Position approach for Market risk.

A. Credit Risk

Strategies and Process:

All credit related aspects are governed by Operation Manual of GFIL. These documents outline the type of products that can be offered, customer categories, credit approval process and limits. These documents are approved by the Board of directors.

The Finance Company's main emphasis is on SME credit. Different limits of lending power have been assigned at branch level, department head level and the credit committee level. Every aspect relating to credit such as procedure, documentation etc. are clearly defined in the Operation Manual and the Credit Policy of the Finance.

Pre-Sanction:

The branch managers have the authority to approve the credit within their permissible limits after due scrutiny of background of the promoter, nature of business, turnover in the account, other financial indicators, income, collateral and security. Loans above the authority of branch are recommended to head office for further decision.

Credit Risk Assessment Process:

Risk Management Department carries out a comprehensive credit risk assessment process that encompasses analysis of relevant quantitative and qualitative information to ascertain credit rating of the borrower. The credit rating process involves assessment of risk emanating from various sources such as market risk, management risk, environmental risk, financial risk and security risk taking into consideration as much as 30 sub-parameters under each of these categories. Credit thresholds have been set for forwarding the credit files for risk rating before they are submitted for approval in the credit committee by the concerned credit units.

Post Sanction Monitoring/ Follow up:

Concerned branch are required to obtain regular information of the business. In case of revolving loans, the drawing power is checked commensurate with the existing level of stocks and working capital checked and verified at regular interval. The credit units at the Head Office are also required to prepare quarterly credit report to submit at higher level as a part of formal monitoring process.

B. Operation Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or from external events. Operational risk is inherent in the Finance's business activities.

The board level committee that undertakes supervision and review of operational risk aspects are the Risk Management Committee and Audit Committee. The board and the risk committee

review the operational risk level and the material operational risk exposure. The Audit committee supervises audit and compliance related aspects. Internal Audit department on the other hand carries out audit according to the audit plan and reports findings to the audit committee.

Risk Arising from breakdown of Information and Operating System:

The Finance has implemented centralized software Inorins Software and has improved in its MIS infrastructure in order to ensure the associated operational risks being brought down to an acceptably low level.

To safeguard the probable losses resulting from system failure or natural disaster, the Finance has taken following policies to minimize the risk:

- Back up – Daily back up of all balances are taken at the end of the day the Finance is developing a system of auto back up in the near future.
- Disaster Recovery Site – the Finance has established disaster recovery site.
- Validation of Entry and Password control – There is a system of maker and checker for entry validation before posting. Access authority for data entry, update, modification and validation has been given on the basis of levels of staffs.
- Exception Reporting – The system creates exception report as and when required.

Risk Arising from Procedural Lapses and Internal control:

The company has defined every banking procedure in the Operation Manual related to banking transactions. Internal circulars are issued whenever required. Reporting by branches is regular.

Corporate Governance:

NRB Guidelines with respect to Corporate Governance are duly complied with.

C. Market Risk

a. Investments

Currently GFIL has not made any investment for trading purpose. The investment in government securities have been made to hold till maturity. The investment in equity of listed institutions has been held as available for sale.

b. Foreign Exchange

The company's policy is to maintain the net open position of convertible foreign currency where exchange rate risk persists in matching position.
